

ADAS CALIBRATION

## VAS 6430/10 | ACC Reflective Mirror

Article number: ASE 423 220 00 000

The ACC Reflective Mirror VAS 6430/10 is used for the calibration of the radar sensor and is attached to the crossbar of the VAS 6430/1A base frame. Using an integrated laser, the 750x600 mm mirror can be aligned with the radar sensor. The actual software calibration is performed using the diagnostic tester.

Note: Batteries are not included in the scope of delivery. 4 x 1.5V AA batteries are required.

*Important: Procurement is carried out exclusively through authorized Volkswagen Group distribution channels.*
