

UPGRADE TO TEST LANE

Joint play detector GST 8508 | 400V

Quick detection of defects and wear on suspension systems on two-tracks trucks with up to 16t axle load. Stand alone product

Article number: 1 691 850 100

Technical Data

Fuse protection	3 x 10 A
Rated load capacity	16000 kg
Test speed	75 mm/s
Maximum load per axle	16000 kg
Power supply	3 x 400 V 50 Hz
Temperature range	- 10 - + 60 °C
Shear force	30 kN
Dimensions - cover-/test plate	800 x 780 mm
Plate movement horizontal	100 mm
Plate movemnt vertical	100 mm
Control	Kabelfernbedienung
Test plate weight	140 kg
Hydraulic unit operating pressure	180 bar
Hydraulic unit power	2,2 kW
Test plate height	158 mm
Hydrauliköl	DIN 51524 VG 22
Hydraulic oil quantity	18 l

Accessories

1 691 851 101	Foundation frame set GST 8508 & GST 8600
