

LEVELLABLE TEST BAY LTB100

Training Levellable Test Platform | LTB 100

Article number: DL6000000

The inspection and adjustment of modern headlight systems require nearly 100% leveled vehicle setup areas according to the latest guidelines. With the LTB 100 adjustable test surface, this is possible without the need for complex foundation work.

Training content:

- Setup of the LTB 100, with and without the drilling template
- Training on the regulatory guidelines for headlight adjustment areas
- Tips & tricks for the optimal headlight adjustment area from practical experience

Course duration: 1 day

Requirements: None

The participation fee includes:

- One lunch per full training day
- Refreshments during breaks
- Training certificate
