Version 2023.12.08 – Prices on request

Roller set BD 620 | with ASA Livestream | without axle load scale

400V/3Ph/50Hz | 5.2km/h | 3,7kW | without axle load scale | with ASA Livestream

Article number: 1 691 600 451

Passenger car brake tester BD 620

- Automatic operator prompting – no remote control, no keyboard commands
- Reference database, vehicle history and guide values
- Print-out of vehicle faults with graphical presentation
- Flexible line lengths for easy installation in dialog reception areas (even with suspension tester)
- Up to 4t axle load and track widths of 800 - 2,200 mm
- BNet device bus connects master switch box to roller set and PC trolley
- Control and power electronics integrated into roller set
- Strain gauge measurement system for maximum precision
- Galvanised roller set: Suitable for outdoor installation
- Super automatic mode with test sequence for service and parking brake systems
- Electromagnetic brake for gentle drive-off
- Brake rollers with plastic/corundum coating: Long service life and firm tyre grip
- Rear test roller elevated by 25 mm: Ideal test conditions
- Robust slip roller unit also suitable for drive-through installation

To display results, the BD 620 needs to be combined with a PC-based operating console or with an analog display.
