

Q.DAS

## Q.DAS Pro | 110V

Modular solution for ADAS calibration of forward-facing and safety-critical radar, camera, and LIDAR systems. Pro version for workshops with high calibration volumes.

Article number: 8900380022

## Q.DAS: OEM-compliant ADAS calibration in combination with wheel alignment

Q.DAS is a modular solution for the calibration of forward-facing, safety-relevant radar, camera and LIDAR systems.

Configure your system depending on the volume, budget and available space.

### Q.DAS Pro:

- Safety-relevant driver assistance systems: Radar and camera
- Vehicle class: Cars and light commercial vehicles
- Calibration volume in the workshop: high
- Height adjustment: Motorized up to 2050 mm
- Works with all camera calibration targets: Yes
- Supports eTargets: Yes
- Distance adjustment without re-leveling: 900 mm
- Center offset adjustment without re-leveling: 200 mm

### Advantages of the Q.DAS system:

#### 1. Digital instead of analog:

- Camera-based positioning via live display
- No Plumb Bobs or measuring tapes
- Full control over entire calibration
- Direct specs instead of manual value transfer\*

#### 2. Wheel alignment and ADAS calibration as one process

- No retooling
- No moving of measuring devices
- Permanently ready for use
- Guided instructions for setup and positioning
- Automatic compensation of different installation heights
- Meets highest accuracy requirements of OEMs

#### 3. Modular calibration solution for every workshop

- Free choice of calibration targets and radar mirrors
- Configuration according to calibration volume, budget and space conditions
- No fixed commitment to only one diagnostic tester
- Integrated X-Y slider minimizes leveling
- Motorized height adjustment

### Just a few steps to the right system for ADAS calibration

#### Scope of deliveries:

- 1x Modular Q.DAS frame, without targets or radar mirrors
- 1x Q.mApp software (Android) and license for activation (1 year)

\*Costs apply: Requires active Q.mApp license in combination with Q.Lign wheel aligner

US/JP Version with 110V

## Technical Data

Packaging length	2350
Packaging width	450

Packaging height	530
Gross weight	187
Weight	157

## Accessories

8900382297	Calibration target Honda type 2	
8900381234	Calibration target set Mazda type 2	
8900381218	Calibration target set Mitsubishi type 1	
8900381139	Calibration target set Nissan type 1	
8900381140	Calibration target set Nissan type 2	
8900381142	Calibration target set Universal type 2	
8900381001	Multi-Target starter kit 1	
8900381002	Multi-Target starter kit 2	
8900381150	ACC reflector mirror   for radar calibration	
8900381056	2-in-1 XXL calibration board   for VW front camera and multi-brand radar   Q.DAS	
8900380011	eTarget Kit   Digital 15-in-1 solution	

8900388001	Q.mApp   License Key 365	
8900381143	Calibration target set Honda type 1	
8900382571	Calibration target Universal type 65	
8900382349	Calibration target Honda type 3	
8900382320	Calibration target Kia / Hyundai type 2	
8900382316	Calibration target Kia / Hyundai type 3	
8900382318	Calibration target Mazda type 1	
8900382319	Calibration target Mercedes / Infinity type 2	
8900382312	Calibration target Mercedes/Infinity type 1	
8900382608	Calibration target Subaru type 2S	
8900382590	Calibration target Subaru type 3S	
8900382287	Calibration target Toyota type 1	
8900382328	Calibration target Toyota type 2	
8900382355	Calibration target Toyota type 3
