

# BD 4XXX - ACCESSORIES

Version 2026.08.21 – Prices on request

## PC For Test Lanes

*Windows 10 IoT Enterprise LTSC 2021, 2x RS232, 8x USB, VGA, HDMI, 2x Display Port, LAN, 350Watt, Intel Pentium Gold G7400, 8GB DDR5-RAM, 512GB SSD*

**Article number: 1691810703**

### System requirements when using your separate PC:

- Operating System: Windows 10, Windows 11 Professional
- Processor: Minimum Intel Pentium, 12th generation, 3 GHz
- Memory (RAM): Minimum 8 GB DDR5
- Storage: Minimum 512 GB SSD
- USB Ports: Minimum 6x
- Serial Port: Optional 1x (when using the infrared remote control)
- LAN Port: Minimum 1x

## External Icperform PC kit with IR remote control and Icperform Software License

PC connection kit with BUS Cable for long distances (standard 15 m, optional 30 m), USB-Box, USB cable, Remote control, ICperform Garage Car Software License (not for test lane) | Prerequisite: serial PC interface (COM) for the operation of the receiver

**Article number: 1691601966**

## Digital calibration kit for brake tester

*Digital calibration kit with transport suitcase, digital sensor and calibration manual*

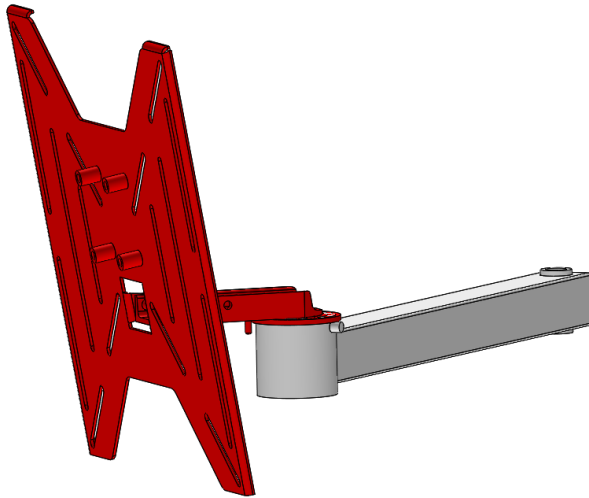

**Article number: 1691601392**

## TV adapter for stand column / swivel arm

*TV mount for wall mounting on the swivel arm (item no. 1 691 601 959) or for floor mounting with stand column (item no. 1 691 810 722)*

**Article number: 1691812325**

## Lifting and lowering device | HUS 104 | for BD 4xxx and QB.4 brake tester | 1000mm

*For fully automatic lifting and lowering of the axle in and out of BD 4xxx and QB.4 brake tester with 1000mm rollers*

**Article number: 1691600025**

**The solution that allows the fully automated lowering and lifting of the axle in and out of the brake tester:**

- Ideal for premium vehicles or cars with low ground clearance
- Easier entry and exit of the roller brake tester
- The automatic lowering and lifting respects all necessary safety requirements

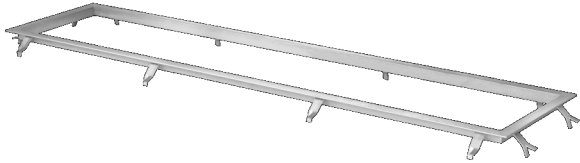

**Recommended for intensive use in PTI inspection centers:**

- Enables a more fluid, faster and simplified procedure
- Increases the safety of the brake tester
- Increases the longevity of mechanical components (reduces undesired shocks and accelerations of the bench)
- Minimizes the risk of spoiler damage in sports cars
- Fully automated

## Edge protection for car brake tester | 1000 mm

*Edge protection for single brake tester with 1000 mm roller length*

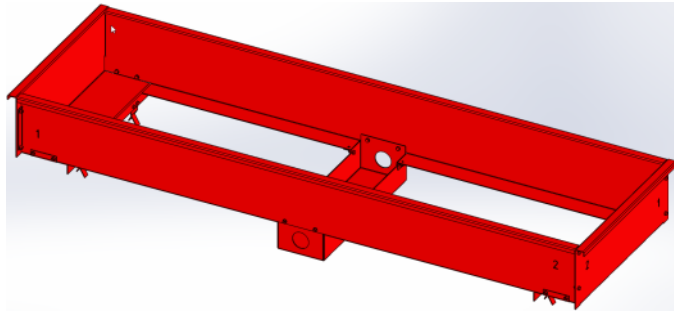

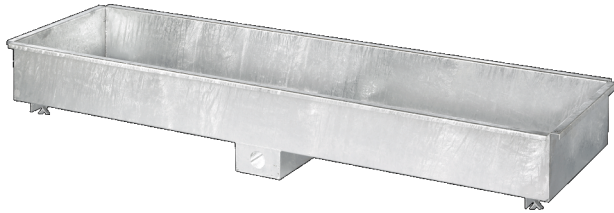

**Article number: 1691602151**

## Installation frame for car brake tester | 700 mm

*Installation frame for single brake tester with 700 mm roller length*

**Article number: 1691602115**

## Monitor holder 17 - 27"

*Includes only the monitor holder (Monitor not included)*

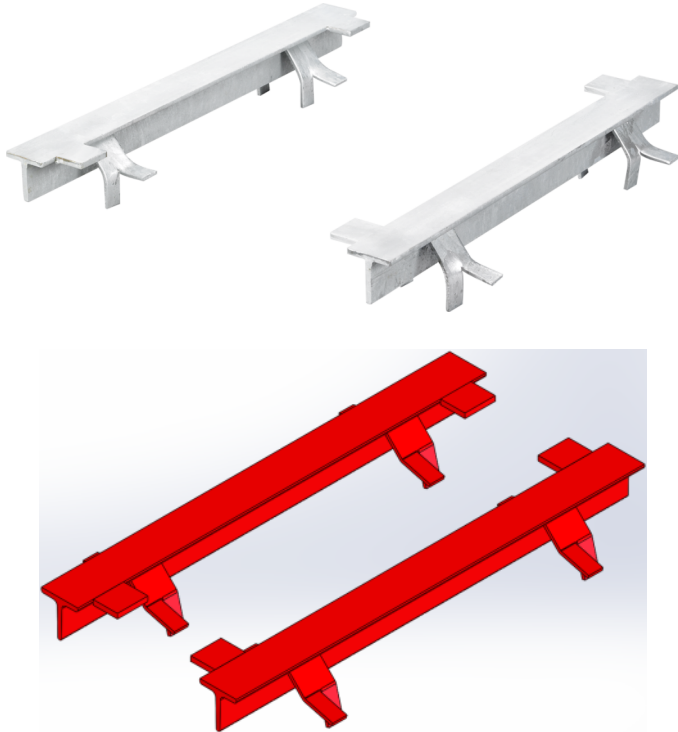

**Article number: 1693740884**

## Support strips for axle load scales | 2 pcs

*This solid support is used to adjust the screws of the axle load weighting sensors. Only required when brake tester is installed without inground frame.*

**Article number: 1691601009**

## PC cabinet Standard | empty

*Moving trolley enables the best arrangement and positioning of all PC components | Empty trolley! To add PC component you can additionally order 1 691 810 743.*

**Article number: 1691811250**

## Cableset 400 V | Power-Box to roller set | 30 m

*Extention cable for connecting the Power-Box to roller set*

**Article number: 1691601444**

## Integrated Iperform PC kit - IR with IR remote control and Iperform Software License

Computer interface kit for installation into the new control cabinet, direct connection to the computer via USB cable (up to 1.5 m), USB board for control cabinet, USB cable, remote control and receiver, Iperform Garage Car Software License (not for test lane) | Prerequisite: serial PC interface (COM) for the operation of the receiver

**Article number: 1691601963**

## External Icpersform PC Kit with Icpersform Software License and Tablet App License

Computer interface kit with BUS cable for larger distances (standard 15 m, optional 30 m), USB box, USB cable, Icpersform Garage Car Software License and Tablet App License (not for test lane)

**Article number: 1691601965**

## Integrated Icperform PC Kit with ICperform Software License and Tablet App License

Computer interface kit for installation into the new control cabinet, direct connection to the computer via USB cable (up to 1.5 m), USB board for control cabinet, USB cable, ICperform Garage Car Software License and Tablet App License (not for test lane)

**Article number: 1691601964**

## PC gear pack for PC cabinet Standard

*Full PC equipment | incl. PC, monitor, monitor holder, mouse, keyboard and printer*

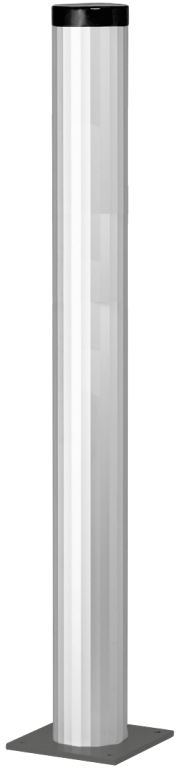

**Article number: 1691810743**

## Stand column aluminium | RAL 7016 | for TV Monitor / rectangular analog display

*Alternative to wall mounting, mounting solution for TV monitors or square analogue displays | TV adapter for stand column / swivel arm (item no. 1 691 810 722) is also required to attach a TV monitor!*

**Article number: 1691810722**

## Integrated PC Kit Professional IR

*Integrated PC kit to be build in the Power-Box, direct connection to PC via USB cable (up to ca. 1.5 m) incl. Software, dongle #3, USB board for the Power-Box, USB cable, Bnet cable, IR receiver, IR remote control*

**Article number: 1691601397**

# External PC Kit professional IR

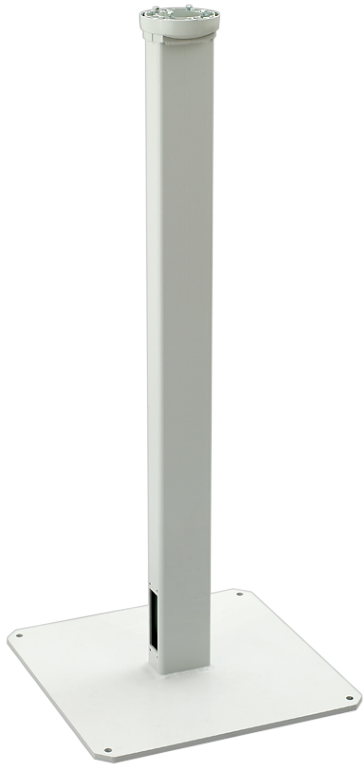

External PC Kit with USB cable for long distance (standard 5 m, optional up to 50 m), incl. Software, dongle #3, USB box, USB cable, IR receiver, IR remote control

Article number: 1691601398

## Stand column for Power-Box

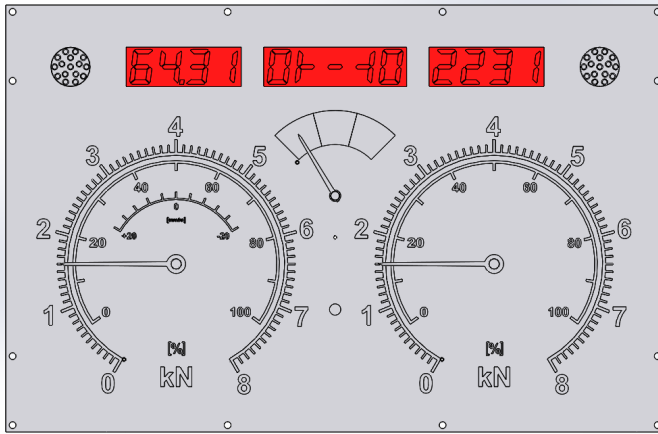

*Alternative to wall mounting of the Power-Box (included with all brake testers)*

**Article number: 1691601435**

# LCD Diplay set for upgrading analogue displays without an integrated LCD

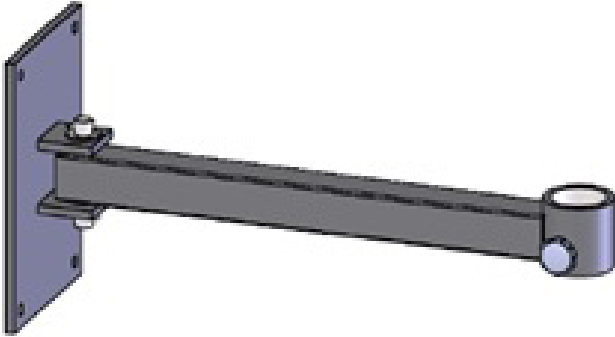

Article number: 1691601025

## Swivel arm for TV adapter

*Scope of delivery for all analogue displays | Can also be ordered separately to mount the TV monitor on the wall (Additional TV adapter for stand column / swivel arm (item no. 1 691 812 325) required!)*

**Article number: 1691601959**

## Pedal force wireless

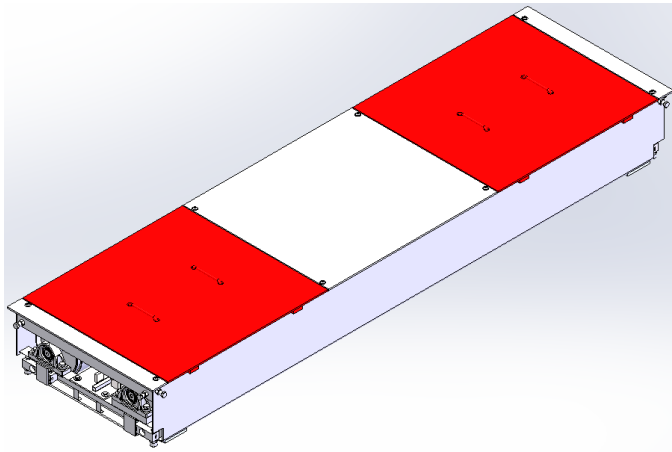

Article number: 1691601401

## Drive-over plate plug-in | 700 mm

*Pluggable drive-over plate for roller set with 700 mm (2 pices)*

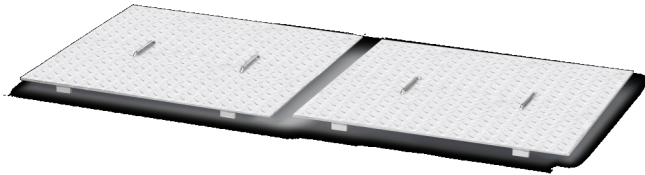

**Article number: 1691601010**

## Drive-over plate plug-in | 1000 mm

*Pluggable drive-over plate for roller set with 1000 mm (2 pieces)*

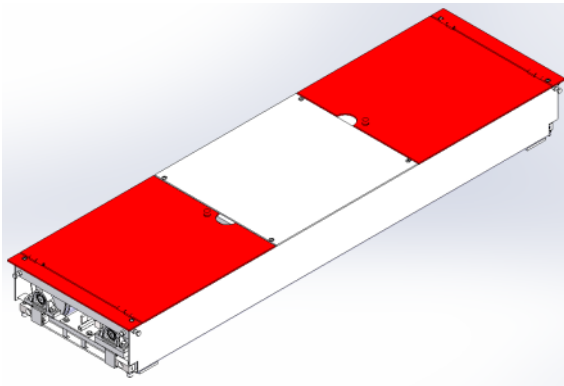

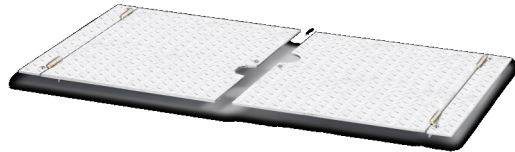

**Article number: 1691602112**

## Drive-over plate swiveling | 700 mm

*Swiveling drive-over plate for roller set with 700 mm (2 pieces)*

**Article number: 1691601011**

## Lifting and lowering device | HUS 104 | for BD 4xxx and QB.4 brake tester | 700mm

*For fully automatic lifting and lowering of the axle in and out of BD 4xxx and QB.4 brake tester with 700mm rollers*

**Article number: 1691600015**

**The solution that allows the fully automated lowering and lifting of the axle in and out of the brake tester:**

- Ideal for premium vehicles or cars with low ground clearance
- Easier entry and exit of the roller brake tester
- The automatic lowering and lifting respects all necessary safety requirements

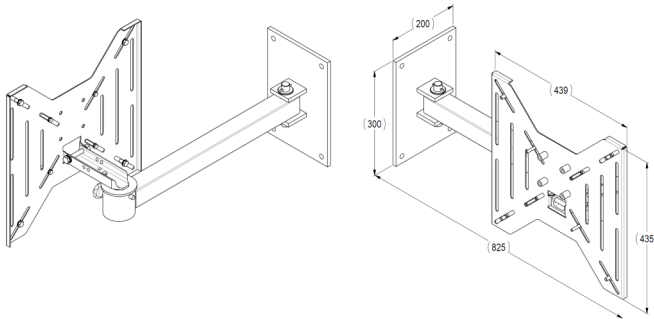

**Recommended for intensive use in PTI inspection centers:**

- Enables a more fluid, faster and simplified procedure
- Increases the safety of the brake tester
- Increases the longevity of mechanical components (reduces undesired shocks and accelerations of the bench)
- Minimizes the risk of spoiler damage in sports cars
- Fully automated

## Wall bracket | VESA 400x400mm

*Holds TVs with VESA-mount 400x400mm. Swivable.*

**Article number: 1691401107**

# Height spacer for BD 4xxx / QB.4 in combination with SA 640 / SN 680 / QS.4

*Height spacer to place under the brake tester when installed in combination with a EUSAMA suspension tester and the installation frame (P/N 1691602002)*

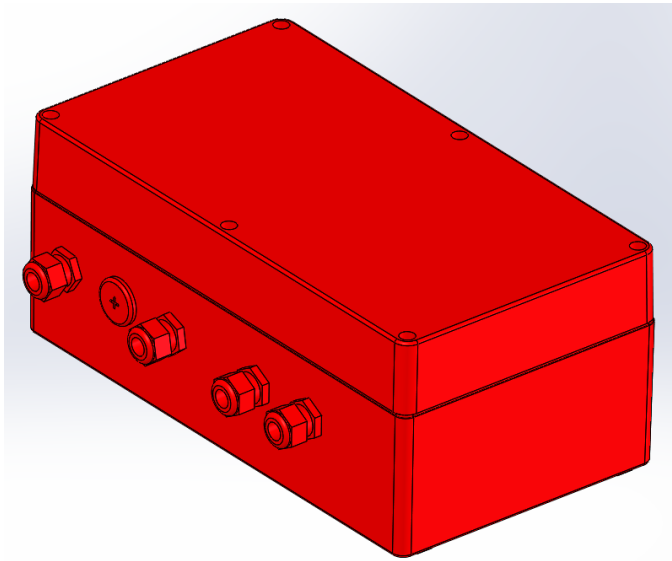

**Article number: 1691601109**

Height spacer to place under the brake tester when installed in combination with a EUSAMA suspension tester and the installation frame (P/N 1691602002)

## Smooth start 400V

*For a smoother start of the brake tester. For car brake testers of the BD6xx, BD4xxx, and QB.4 series with a 400V control cabinet.*

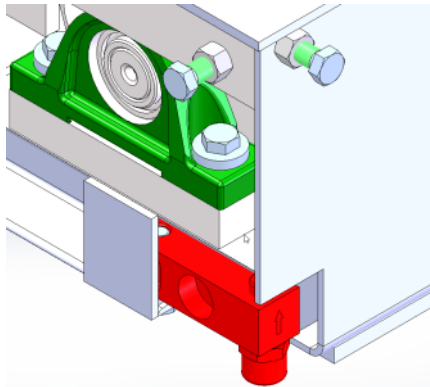

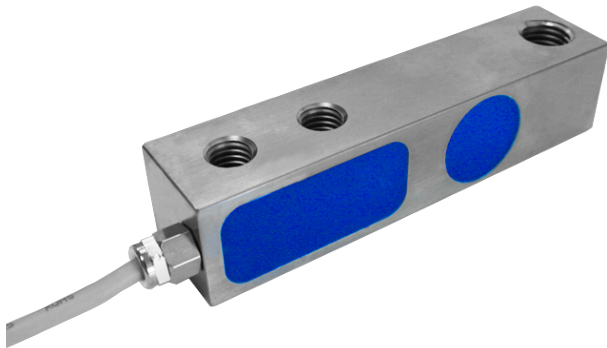

**Article number: 1691601437**

## Axle load scale 4 sensors

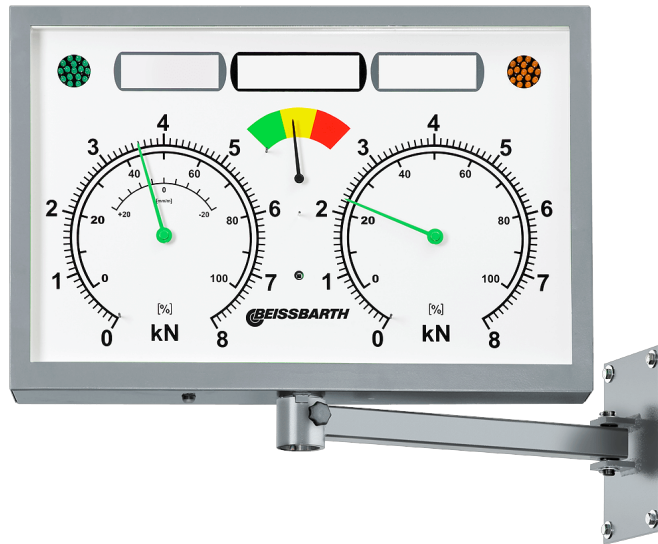

4 sensors used to determine vehicle axle load. Additionally requires support strips 1691601009 when brake tester is installed without inground frame.

**Article number: 1691601606**

## Display RAL 7040 | analog, rectangular | swivel arm, IR receiver

Article number: 1691601776

## Display RAL 7016 | analog, rectangular | LCD, swivel arm, IR receiver

Article number: 1691601762

## IR receiver

*Already available in some of SW Kits, but also can be sold separatly*

**Article number: 1693770001**

## Extension cable for receiver | 10 m

*Enabels flexibility of the IR receiver position (up to 10 m)*

**Article number: 1691603000**

## Remote control and IR Receiver

*incl. Battery*

**Article number: 1691701311**

## Converter Kit Brake Tester | for MAHA inground frame 2,34 to 2,38m

**Article number: 1691601326**

Converter Kit for Beissbarth passenger car brake testers to fit them into an existing MAHA inground frame. Suitable for installation widths from 2.34 to 2.38m. Compatible with all Beissbarth BD4 and QB.4 series brake testers.

## BD 4xxx - Accessories

### PC For Test Lanes

Article number: 1691810703

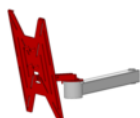

### External Icperform PC kit with IR remote control and Icperform Software License

Article number: 1691601966
